Holiday Edition / U.S. \$3.50

The Everything Book for

Commodore and Amiga Computers

'Twas the dawning of Christmas
And all through the house
Excitement was growing
At the touch of a mouse!

Spark the fire of learning,
In this new Age of Reason,
Now in everyone's reach
This Holiday Season!!

Big Holiday Savings!

Special Pricing available to Commodore owners, College Students, and Educators!

The Amiga 500 Starter package includes all of the following:

- Amiga 500 Computer
- Built-in 3.5" Floppy Disk Drive
- 512KByte RAM
- Amiga Mouse
- Joystick
- Amiga Power Adapter
- Great Software: KindWords (word processor)
FusionPaint (draw & paint)
Indiana Jones and the Last Crusade (game)
F40 Pursuit (race car simulation)
F/A-18 Interceptor (flight simulator)
Workbench 1.3 (graphic operating system)
Workbench 1.3 Extras

Only
\$399

Offer Expires December 31, 1991!
Order your Amiga now!

Commodore
AMIGA

Shown with optional monitor.

We asked Commodore to let us continue to offer this great Amiga special through the holiday season, and they agreed! If you own a Commodore 64, 128, Plus 4, or VIC-20, or are a college student or an educator, you can take advantage of this special offer from Commodore and TENEX.

You can connect the Amiga 500 directly to a television with an optional TV adapter (sold separately below.) You can also use an Amiga 1084S monitor, which provides an extra sharp display and, like the Amiga 500, offers stereo sound. (Sold separately - see below!)

Amiga games are simply the best of any personal computer or game machine. The vivid, realistic graphics, and the multi-voice stereo sound have allowed game designers to create fantastic adventures, shoot-em-ups, and every other type of game imaginable. Not even the new Super Nintendo comes close!

Beyond games, the Amiga offers a wealth of educational and productivity software. A complete line of word processors, spreadsheets, and databases are available, as well as outstanding titles in graphic design, animation, and video. The Amiga is by far the leader in software for video titling and video manipulation.

To let you start using your Amiga right away, our Amiga Starter includes \$200.00 worth of software: three great games, *plus* FusionPaint, a full color drawing & painting program, *plus* KindWords, a powerful word processor. With this software, the entire family will be able to use the Amiga not just for entertainment, but homework and correspondence, too. (A printer is required for printed output.)

All Amiga 500s sold by Tenex include CommodoreExpress service. If anything goes wrong with your Amiga during its one-year warranty period, just call the CommodoreExpress toll-free number included in each Amiga box. If the experts on the CommodoreExpress hotline (staffed 24 hours a day, 365 days a year) can't solve your problem, they'll have your computer picked up at your house for fast repair or replacement.

At Tenex, we're so sure that you'll be delighted with your Amiga 500 that we guarantee it. If for any reason you aren't happy with your Amiga, return it to us within 15 days of receipt for a prompt refund. Be sure to call 1-800-PROMPT-1 for a return authorization number, and to return the Amiga with all enclosed materials and packaging in undamaged condition.

This Amiga package may well be the best holiday value we've ever offered! To order yours at this special price, call today with your Commodore serial number. If ordering by mail, be sure to write your old serial number on your order form. (Educators and college students: call 1-800-776-6781 for details!) We'll rush your Amiga 500 to you. Sug. - Intel 286/12MHz microprocessor
- Full 1MByte RAM
- 101 key keyboard
- 1.2MByte floppy drive
- Hi-res monochrome output
- 30 day money-back guarantee
- Full-year warranty

Shown with optional monitor and second floppy drive.

TENEX offers complete support for thousands of IBM-compatible products through its IBM-compatible catalog division. Call toll-free for your free catalog today!

TENEX Enterprise System

Our Enterprise system is powerful enough to run the thousands of IBM-compatible programs, yet is our lowest-priced computer. Great for the family, student, or anyone else beginning their adventures in IBM-compatible, computing productivity.

You'll have plenty of expansion capability, so you can add power as you need it or as your needs and budget allows. At the time of purchase, you can select any

of the top-quality peripherals described below, and our skilled technicians will perform the installation and testing at no additional charge. Because the system design uses industry-standard components, you can add any of hundreds of other enhancements at any time.

With TENEX for your computing partner, you have the confidence of our 30 day money-back guarantee, full-year warranty, and unlimited phone support by our friendly professionals.

From TENEX Headquarters...

Dear Commodore or Amiga Owner,

Enjoy your newest TENEX catalog! You'll find many more Amiga hardware and software products than ever, plus we've also found many new products for Commodore owners, too.

In this catalog we are continuing to feature our Commodore-authorized Amiga upgrade promotion. Any Commodore computer owner can upgrade to an Amiga 500 for only \$399— the lowest price we, or anyone else we know of, has ever offered! The details are on the opposite page, but don't delay too long—the offer expires on October 31, 1991.

We're committed to supporting all of our customers, whether you own a Commodore Amiga, or IBM-compatible computer. New Commodore products are becoming harder to find, but we search the world for new products and great values on older favorites. And in the dynamic Amiga environment, we are finding the very best products and values for every need. Let us know how we're doing!

Your Safe, Easy Way to Huge Savings

Satisfaction Guarantee—

If, for any reason, you aren't completely satisfied, call within 15 days of delivery (30 days for our computers!) for a full refund or replacement. NOTE: to keep your costs at a minimum, opened software can only be exchanged for a working version of the same title.

Easy Ordering—

Call toll free: **1-800-776-6781** nationwide— and now Canada! Order fast and easy by phone with your credit card, or mail in your order. We welcome corporate P.O.s— ask about leasing! Please see page 40 for more policy information, other payment methods, and foreign orders.

Individuals may use credit cards or COD by phone, or mail money orders, cashier's checks, and personal checks (please allow two weeks to clear).

Businesses may use the above methods or mail/fax Purchase Orders (with approved credit). Or, save cash with easy leasing.

Lowest Prices—

We search the world over and use our enormous buying power to provide you with the biggest savings anywhere!

Unlimited Free Technical Support—

Our Friendly Professionals™ are always just a phone call away, ready to answer your questions.

Fast, Safe Shipping—

All shipments are carefully packed, fully insured, and UPS or express delivered to your office or home. See page 40 for our low shipping charges.

No charge for Visa, MC, or Discover—

Of course, your charge card is never billed until your order is shipped! Please see page 40 for other payment methods.

No Sales Tax—

We don't charge you for sales tax outside Indiana.

Please see page 40 for complete policy statement and shipping charges.

Play the World's Great Golf Courses

\$9⁹⁵

WORLD TOUR GOLF. Travel around the world playing the 12 greatest golf courses of all time. From Scotland's legendary St. Andrews to the challenge of Augusta. Real game conditions ensure a great round every time. You'll be challenged by tough club selections, nasty crosswinds, super-fast greens, tricky pin placements, and more. Hone your talents on the driving range and practice green because once you hit the course, you'll need every bit of skill you can muster. Modify the existing courses or build your own from the easy-to-use construction set. Design your course down to the last detail: place bunkers, water hazards, set distance and pars, green slopes, even the view in the background. From Electronic Arts.

Commodore has introduced its revolutionary interactive multimedia system—CDTV. It marks a new age in education and entertainment. It undoubtedly will change the way people learn and be entertained in the future. Audio, graphics, video, and text are combined to create true multimedia presentations.

Interactive.

With the CDTV, your television is no longer a passive medium. You become an active participant—take a trip to Japan with "World Vista Atlas" or play today's most popular game, "Lemmings." The possibilities are limitless!

Easy.

The CDTV connects to your television. The handheld remote control works much like the remote control for your TV. Just push a button to access entire libraries of educational, entertainment, informational, and reference material on CD.

Versatile.

The CDTV is so versatile that it even plays your favorite audio CDs. By connecting the CDTV to your stereo system, you have a single electronic component in your home that serves two valuable functions.

The titles listed here are just a few of the dozens that will be available for CDTV by this fall. Soon, you'll be seeing interactive CDs such as the timeless children's classic, Cinderella, the Illustrated Works of Shakespeare, and the Grolier Electronic Encyclopedia which compresses all 21 volumes of information on a single disc! At TENEX,

we're committed to providing you with the latest CDTV titles at the best possible prices so that your adventures into the amazing world of multimedia will knock your socks off! For the latest titles, call your Customer Service Representative at 1-800-PROMPT-1.

LEMMINGS. The hottest strategy game in town! Save the Lemmings from the comfort of your favorite easy chair.

CDTV, Disk 93704 \$29.95

WRATH OF THE DEMON. Legends tell of a time when a fierce Demon sent his evil minions to roam through the land and make the kingdom his own. That time is upon us once again...

CDTV, Disk 93626 \$39.95

THE CASE OF THE CAUTIOUS CONDOR. Take off on this transatlantic flight of intrigue with private eye Ned Peters to solve the trickiest of murder mysteries.

CDTV, Disk 93603 \$39.95

MY PAINT. For kids! Use the remote controller to fill in the video coloring book pictures or create your own drawings. Each of the pictures has its own sound effects... hear the dinosaur "roar" and the train "chug-chug."

CDTV, Disk 93614 \$39.95

SHOOT 'EM UP CONSTRUCTION KIT. It's powerful enough to construct games the equal of any you care to name and also versatile enough to produce about any level of graphic detail you're willing to spend the time putting into the game. Divided into several sections, each provides a vital function in the production of the finished game. There are editors for background graphics, the play map, sprites, objects, sound, and other functions. Two built-in test modes let you check the progress of your game either "for real" or in a cheat mode. From Accolade.

MAVIS BEACON TEACHES TYPING. Forget the simple letter drills—when was the last time anyone typed "asdfdsa" at work? Using a combination of artificial intelligence and striking graphics, this program teaches typing faster than any program on the market.

Each lesson is tailored for work in the real world from a database of over 1,000 passages from history's greatest writings. For youngsters, Mavis offers jokes, riddles, rhymes, interesting facts and records from the Guinness Book of World Records.

Mavis "speaks" to her students in complete, conversational sentences as she analyzes typing errors and progress—with more than just "bleeps" when an incorrect key is hit. She even senses when the student is tired and suggests a break at the Indy Racer game!

Many other features are included in this outstanding typing tutor, such as: a metronome selection, Dvorak keyboard option, a resume writer, user-designed lessons, and suggestions for business teachers developing their own lessons. From Software Toolworks. Sug. Retail \$39.95/\$49.95

Powerful Word Processor PLUS Free Database!

- 90,000-Word Spell Checker
- Thesaurus
- Advanced Features for C128 Users

FLEET SYSTEM 2+. Four powerful applications for the Commodore 64 combined in one easy-to-use software package: Word Processing, Dictionary/Spell Checker, Integrated Thesaurus, and Database. Fleet System 2+ includes a built-in, 80-column preview, so "what-you-see-is-what-you-get"; pop-up windows; mail merge; search and replace; horizontal scrolling; an extra text area to use as a scratchpad; and full support of the most popular printers.

Fleet System 2+ has an integrated 90,000 word dictionary that has the ability to add 10,000 "custom" words. The spell checker can scan a four-page document in under 60 seconds. The Integrated Thesaurus provides instant access to thousands of synonyms and antonyms.

Now, PSI has included their Fleet Filer with Fleet System 2+ and 4. This super-fast, menu-driven Database can handle up to 5,000 records and 20 text or numeric fields. You'll be able to take advantage of the powerful Report Generator and have the ability to create multi-column labels (up to 9 across!). In addition, Fleet Filer will sort records and input/output information to Fleet System 2+, 4 and most major word processors. Purchased separately, Fleet Filer would cost \$39.95. Don't pass up this exclusive offer! From PSI. Sug. Retail \$59.95

GEOS 2.0. As a graphic operating system for the C64, GEOS 2.0 provides a Macintosh-like icon based interface. Loaded with new enhancements, GEOS 2.0 and GEOS 128 2.0 now include **seven applications plus five pop-up desk accessory features.** Open a new world of integrated and graphically oriented applications. Easy-to-use icons, pull-down menus, and windows allow the beginning user to feel right at home with the computer. More advanced users will find the power and sophistication needed for any job. And the "What You See Is What You Get" display means there are

no surprises between screen and printer. Note: GEOS 128 2.0 requires 80-column RGB monitor. From Berkeley Softworks.

See How Powerful Your Commodore Really Is!

If you are one of the few Commodore owners who doesn't own GEOS, now is your chance to enter a new world that combines ease of use with incredible power and capability.

If you already own GEOS, now is the time to invest in an upgrade that not only offers more speed, power, and versatility, but offers more applications than ever before.

GEOS 2.0 AND GEOS 128 2.0 Now Include:

- **geoWrite 2.1** is a full-featured word processor that allows you to format individual paragraphs, insert, delete, or move copy, word wrap, select fonts and styles, and more.
- **deskTop** is an efficient file and disk manager that allows you to view files as icons or text, sort files, recover deleted files and more.
- **Text Grabber** is a new feature that allows text from any Commodore word processor (PaperClip II, Fleet System IV, Word Writer 128, and others) to be imported to GEOS.
- **geoMerge** is a new mail merge program that allows you to create customized form letters and labels.
- **geoPaint** is a high-resolution graphics editor that allows you to create charts, diagrams or images, stretch and scale images, produce overlay effects and much more. You can even print in color with

the Star Micronics NX-1000C Rainbow Printer. See page 42.

- **geoSpell** is a new spelling resource that allows you to create your own dictionary or view existing dictionaries and documents while spell checking.
- **diskTurbo** runs GEOS applications five to seven times faster, offers keyboard shortcuts, and more.

Desk Accessories

Five handy utilities accessible from within any application. Includes:

- **Calculator**
- **Notepad**
- **Alarm Clock**
- **Screen Preference Manager**
- **Photo/Text Managers**

Incredible Graphics Tool Kit Five Complete Software Packages

best seller!

**Only
\$39⁹⁵**

for all Five!

GRAPHICS TOOL KIT. Maximize the possibilities for all your graphics with this incredible software bundle. From Free Spirit. Includes Graphix-Link, Icon Factory, Photo Finish, Billboard Maker, and Screen F/X.

Screen F/X. Lights! Camera! Action! Direct your own presentation with this exciting program that offers over 100,000 different combinations of effects. Use the program's editor feature to create the script then combine multiple pictures together on screen for an unlimited array of presentations. Can be used in combination with Print Shop and Newsroom graphics. Orig. Sug. Retail \$34.95

Photo Finish. Now you can optimize your high-res graphics— increase your resolution by four times that of standard printers. Enjoy the easy-to-use gray scale editor and preview features as well as the color editor. Works with graphics from popular programs such as ComputerEyes, Print Shop, and Doodle. Orig. Sug. Retail \$29.95

Graphix-Link. Now you can combine the power of GEOS graphics with other graphics programs. Convert your art to and from GEOS format for maximum creativity in combination with such programs as Billboard Maker, Doodle, ComputerEyes and Print Shop.

Orig. Sug. Retail \$19.95

Billboard Maker. Your 6-1/2" x 8-1/2" screen printouts can be enlarged to an eye-popping three feet by four feet! Compatible with Doodle, Print Shop, Flexidraw, Computereyes, Animation Station, Blazing Paddles, Koala, and SuperSketch. Printers supported are Star, Epson, Okidata, Panasonic, Commodore 1525, Canon Color Inkjet, and compatibles. Orig. Sug. Retail \$34.95

Icon Factory. A tool to convert graphics from one format to another and to actually improve the graphics in the process! You can convert them, blow them up, position them, etc. Graphics can be enlarged and smoothed with the amazing Optimizer. Icon Factory is compatible with Print Shop, PrintMaster, Newsroom, Doodle, Flexidraw, Blazing Paddles, Computereyes, Supersketch, GEOS, Billboard Maker, Koala, and Animation Station. Although printing is optional, Icon Factory works with properly interfaced Star, Epson, Okidata, Commodore 801/1525, and compatible printers. Orig. Sug. Retail \$34.95

Free-hand Drawing with Flexidraw and Light Pens!

RAVE REVIEWS

"Professional quality graphics program... excellent line of light pens."
"There is no question in my mind you won't be disappointed"

—Commodore Magazine

"The best drawing program around"

—Midnight Gazette Software

Now For Amiga, Too!

FLEXIDRAW VERSION 5.5. This version of the ultimate drawing program has more features than ever. You can still use a light pen as your input tool (sold separately—see below), or you can use a mouse, joystick, or Koala pad. Whether you are doing simple free-hand sketches or complex CAD-type drawings, Flexi-draw has the power you need with its top-quality, hi-res graphic input and editing system. The master disk has the main drawing routines for use with the light pen, as well as sample drawing library, symbol templates, and a music synthesizer program. A programming mode lets you access the drawing routines from BASIC. The sprite editor/ animator adds a great plus to FLEXIDRAW—there's no easier way to edit sprites than with a light pen. The most powerful feature is the ability to use a set of symbols (yours or ours) which can be moved to a second work screen and added to a drawing.

FLEXIDRAW is easy to use due to the sophisticated menu system which is similar to those of large computer drafting systems; maximum detail is possible. Free-hand drawing is very smooth because of an "averaging" function that filters out noise and jitter. From Inkwell Systems.

Sug. Retail \$34.95

A Great Video Source for Amiga or Commodore!

\$199⁹⁵

PANASONIC TV CAMERA. Whether you are using your Amiga with Digi-View or any other video accessory, or your Commodore with ComputerEyes or Video Byte II, you'll need a high-quality, dependable video source. The Panasonic WV-1410 CCTV camera is a high-quality black and white camera designed for surveillance and other uses. It produces a 525-line scan with a horizontal resolution of 550 lines and a signal-to-noise ratio of more than 43 dB. It comes with a f1.6 16mm lens, and accepts other standard C-mount lenses for special applications. The included lens focuses from about 10 inches to infinity.

Please note that although this is a black and white camera, it can be used to produce full-color Amiga images with Digi-View 4.0 and similar packages. Digi-View 4.0 uses a color filter wheel to separately scan each color and produce the final full-color image. Commodore programs like ComputerEyes and Video Byte II work directly with a black and white image. From Panasonic. Sug. Retail \$349.95

Enter The Exciting World Of Telecomputing!

One of the most popular uses of home computers is to "talk" to other computers and computer users. The diversity of on-line services is staggering—from the latest news to airline schedules, from stock prices to interactive adventure games, from electronic mail to patent searches—all you need is your computer, a modem, terminal software, and a phone line. In addition to the national on-line databases, like the Source, CompuServe, Dow Jones, and others, there are hundreds or even thousands of local "bulletin boards" run by user groups or individual enthusiasts. Telecomputing is so much fun and offers such a variety of activities that for many users it is the principal use of their home computer.

2400 BAUD COMMODORE-READY MODEM.

At last! High-speed communications in a modem that is completely Commodore compatible! The Apritek Minimodem-C24 looks just like the Minimodem-C, our best-selling modem ever, but works at speeds up to 2400 baud. Think how much faster you will be able to send and receive information from bulletin boards, services like CompuServe, and other computers.

Both the Minimodem-C and -C24 are completely Hayes compatible (not just partially compatible like

the 1670 and some Avatex models) and 1670 compatible. This means they'll work with ALL communications software for the 64, 64C, and 128. Key features include seven status indicators, Busy Detect, DTR signal support, High-Speed Detect Line, and Auto Answer/Auto Dial. Includes Multiterm 64 and 128 software so you can start communicating right away, plus a free trial hour on CompuServe! Full-year warranty.

The Amiga version of the Minimodem is equipped with a female connector to plug directly into the

Amiga 500 or 2000. It needs no external wall plug for power, and it uses the Amiga's audio output for maximum fidelity. From Apritek.

GEORAM— The Wait is Over! 35 Times Faster Than Disk Drives!

\$134⁹⁵

"A really impressive upgrade...it can practically eliminate the...disk access you normally encounter. I wouldn't be without RAM expansion." —Run Magazine

"My RAM expander is the most cost-effective purchase I've ever made. Try one, and you'll never go back to magnetic media." —Computer Shopper

"The difference between operating...on a 640K machine instead of a 128K machine could be compared to flying a jet and walking. Tasks that would normally cause a delay while the disk was accessed run at the speed of light..." —Commodore Magazine

How fast is GEORAM? Believe it or not, GEORAM's disk transfer rate is actually 35 times faster than the 1541, 1571, or 1581 disk drive. This means that screens redraw in a flash, and that your Commodore doesn't waste time spinning disks looking for data.

If you use your computer for GEOS productivity applications like GeoWrite, GeoPaint, GeoPublish, or any of the other outstanding titles, you know these are the best programs ever written for the Commodore. GEORAM makes the GEOS family of programs faster and more powerful than ever. (For a complete list of GEOS applications, see page 28.) When you buy GEORAM from TENEX, you get the GEORAM unit itself plus a pair of disks to convert your existing GEOS (1.2, 1.3, or 2.0) to GEOS 2.0, a special version of GEOS designed to take full advantage of the 512K of memory in GEORAM. Both C-64 and C-128 versions are included, as is a comprehensive manual.

Don't sit there drumming your fingers waiting for your disk drive—call now to be the first on your block to move up to a new world of speed and power in Commodore computing.

GEORAM (requires GEOS) 88604 \$134.95

NOTE: GEORAM is designed for use ONLY in the GEOS environment—it cannot be used with non-GEOS software. For a complete selection of GEOS products, see page 28.

1750 Compatible Supercharge Your C64 or C128!

\$199⁹⁵

**Works with all Your
1750 Compatible Software!**

THE 1750 COMPATIBLE. When Commodore designed its 1750 RAM expansion, Commodore owners snapped them up. For their money, they got a full 512K of RAM. More important, they were able to dramatically improve the performance of their software.

As good as the 1750 was, there was just one problem: Commodore didn't make enough of them. In fact, 1750s have been unavailable for more than a year.

At last, TENEX has a solution: the 1750 Compatible. The 1750 Compatible offers 512K just like the 1750, and works with all software that is 1750 compatible (e.g., GEOS, Paperclip III, and Maverick). Furthermore, you can use it to create a RAM disk to store files or programs for lightning-fast

access. (Unlike GEORAM, the 1750 Compatible works with non-GEOS software.)

Make the big switch: add another 512K of memory to your system today, and watch your software fly!

IMPORTANT NOTE. The 1750 works with both the C64/64C and the C128. To use with the C64/64C requires a heavy-duty power supply (not included with the 1750 Compatible—see below). To use with the C128 or 128D, no additional power supply is needed—the standard factory power supply is fine.

1750 Compatible	89517	\$199.95

Printer Accessories**

Choosing the Right Printer!

Don't be confused by the wide selection of printers available in today's market. Here are a few pointers to help you select the right printer for your present and future needs.

Commodore-Ready vs. Parallel. Each printer we sell has a connector on its back or side to which a printer cable or interface attaches. Most of the printers we sell are "parallel" (also called "Centronics") printers. Two printers, the Star NX-1000C and NX-1000C Rainbow, are "Commodore-ready" printers.

Commodore-ready printers come complete with a cable to plug directly into your Commodore system. No other interface or cable is needed.

Parallel printers are designed to connect to IBM-compatible, Amiga, and other computers. To connect them to a Commodore system, you need a parallel interface such as those shown on page 36.

Choose a parallel printer if you think that you may want, either currently or in the future, to use the printer with a non-Commodore computer such as an IBM compatible or an Amiga. You may also have to choose a parallel printer if you need features, such as 24-wire printing, not available on a Commodore-ready printer.

Choose a Commodore-ready printer if you want to minimize your out-of-pocket cost and if you intend to use the printer only with your Commodore system.

24-Wire vs. 9-Wire Printing. All dot-matrix print is composed of tiny dots created by wires in the printhead. The quality of dot-matrix printing has improved remarkably since the early days when the dots were clearly visible. Today, even 9-wire printers are capable of excellent near-letter quality. For the ultimate in dot-matrix printing, 24-wire printers offer even smaller dots and higher resolution. This means that the letter-quality characters of a 24-wire printer will be slightly sharper than those of a 9-wire printer. We recommend 9-wire printers for most home, school, and light office use. If you intend to use the printer for extensive business correspondence or other applications where an extra polished look is important, consider a 24-wire printer.

Speed. Each printer we sell is rated for speed in characters per second (cps). Note that the speed of each printer will vary depending on whether it is printing in draft mode, near-letter quality, boldface, etc. All of the printers we sell are fast enough for home, school, and light office use. If you frequently print long documents, print primarily in near-letter quality, or print many short documents, you may find that one of the faster printers will save you time and increase your productivity.

Buffer. All of the printers we sell contain at least a small buffer. The buffer is an electronic holding area for data sent from the computer. Typically, the computer can send data much faster than the printer can actually print it. The bigger the buffer in the printer is, the sooner the computer can finish its task and be available for other uses. (If you do a lot of printing, particularly of longer documents, you may wish to consider an external buffer like the one shown on page 37; this can really enhance your productivity by freeing up the computer long before the printer is finished printing.)

Allows Multiple Uses:

- Commodore 64 or 128
- IBM CGA
- VCR or camcorder display
- Monochrome display switch for text

MAGNAVOX PROFESSIONAL COLOR MONITOR.

The new Magnavox Professional 1CM135 sets new standards for versatility in a color monitor! Whatever your current and future needs, this unit will handle them. First, it provides a high-quality composite display that is perfect for the C64 or C128 operating in 40-column mode. Second, it offers Analog RGB for use with the C128 in its high-resolution, 80-column mode. Third, the 1CM135 is switchable to Digital RGB, which makes it compatible with IBM's CGA standard. Fourth, for heavy-duty word processing, this monitor lets you flick a switch and convert the color display to easy-on-the-eyes green. And if being compatible with a wide range of computers isn't enough, you can also use the 1CM135 as a TV

video display for signals from VCRs, camcorders, etc. It even includes stereo audio inputs and an earphone jack. The 1CM135 features a big 14" CRT (13" viewable), image size and position controls, and a convenient tilt/swivel base. Cables included are a 9-pin RGB cable and audio/video cables (RCA to RCA). To use with C64 or C128 in composite mode requires our Monitor Cable No. 5 (below). Two-year limited warranty.

Your charge card is never billed until your order is shipped! If we must send you partial shipments, your charge card is only billed for the items shipped.

SHIPMENT. Most items are shipped via UPS. Other modes of shipment include Parcel Post and, for certain heavy items, common truck carrier. TENEX maintains an extensive warehouse with over 50,000 items in stock, and automated systems are in place to speed your order to you. Rapid shipment benefits both you and us. Items not in stock may require 2 to 6 weeks.

DAMAGE. We inspect each item before shipment. Please examine your packages carefully when you receive them, and **REPORT ANY DAMAGE TO THE CARRIER.** No replacement merchandise can be issued unless a damage claim has been filed with the shipper.

RETURNS. We want satisfied customers! If you receive a defective product, call us within 30 days of shipment and request a return ID number. We'll ship a replacement promptly upon receipt of the defective item.

Furthermore, if you are unhappy with a product for any reason, call for a return ID number within fifteen days of receiving it, return it to us, and we will promptly replace it or refund your purchase price. (Sorry, opened software can only be replaced with an identical item.) Items returned for replacement **MUST** include original packaging materials and any manuals, cables, warranty card, etc. included in the original package. (For your convenience and protection, do not discard packaging materials or mail in warranty cards until you are certain the product is working properly.) **Please write or call our Customer Service Department for Return Authorization number prior to returning any items to TENEX.** All returns must be shipped to TENEX freight prepaid. All items are subject to inspection by TENEX prior to issuance of replacement merchandise. (Note: Occasionally a manufacturer's warranty policy will require some other means of correcting a defective product. In these cases, we'll assist you in obtaining a satisfactory solution.)

APO, FPO, ALASKAN, HAWAIIAN, CANADIAN. All payment must be in U.S. Dollars. Checks drawn on Canadian or foreign banks cannot be accepted. Canadian Postal Money Orders payable in U.S. funds are acceptable. VISA, MasterCard or American Express are the preferred methods of payment. **APO, FPO, Alaskan, Hawaiian, Canadian, Puerto Rican, Virgin Islands, Guam orders:** add \$4.00 to shipping and handling charge to cover postage and insurance cost. Contact us about charges for bulky and/or heavy items. **Foreign orders other than above:** add \$8.00 to shipping and handling charge. If

ordering large or heavy items, consult desired carrier for estimated freight charges and include with order, or contact us prior to ordering for a freight estimate. If funds included with order are inadequate to cover shipping costs, we will notify you by priority mail. Postage or freight and insurance charges will be billed at actual cost on credit card orders.

PRICES. All prices are subject to change without notice. You will be notified of any change at the time of order placement, or prior to shipment on non-stock item.

SPECIFICATIONS AND PRODUCT AVAILABILITY. Specifications and product availability are subject to change without notice. We have made every effort to be accurate in the specifications and descriptions included in this catalog, but cannot guarantee accuracy or completeness of these specifications and descriptions.

PAYMENT METHODS: For fastest shipment, VISA, MASTERCARD, AMERICAN EXPRESS, a cashier's check, certified check, or money order may be used. Personal checks are also welcome—please allow about 10 extra days for shipment. Purchase orders will be accepted from qualified institutions and firms; please include.

IF ORDER FORM HAS ALREADY BEEN USED, please write your order on a plain sheet of paper or order by telephone using our convenient toll-free number. If you send your order on plain paper, be sure you include your name and address, the catalog number of each item ordered, and the appropriate shipping charge. If you would like us to send you additional order forms, please write or telephone us.

WARRANTIES. Warranty repair or replacement policy will vary with each manufacturer; it will usually be necessary to return the product postpaid to the manufacturer, to TENEX, or to ship or take the unit to the nearest authorized service location. TENEX is an authorized repair center for many manufacturers, and can handle repairs in or out of warranty for those products if local repair is not available. Information about the type or length of coverage of any item is available by calling or writing our Customer Service Department.

STORE PRICES AND PRODUCTS may vary occasionally from Catalog prices and products.

If You Have Questions About Your Order...

For questions about your order, call (219) 259-7053 between 8 a.m. and 5 p.m. Eastern Standard Time, Monday through Friday. No collect calls, please.

For faster service, provide us with the date of order, your customer number, order number, items in question, how order was placed and name as it appeared on the order.

Joysticks!

best seller!

THE SLIK STIK™. A favorite for years, the Slik Stik maintains its position as a superior value. Its original patented design ensures a long, useful, and reliable life. The Slik Stik is just the right combination of responsiveness and accuracy. You'll probably never find a joystick this good at such a low price. 90-day warranty. From Suncom.

Only
\$6⁹⁵

ERGOSTICK JOYSTICK. Unlike all other joysticks, the Ergostick is literally formed around the human hand which optimizes the operator's hand/eye coordination. Its soft, skin-like texture combined with its design minimizes physical and mental fatigue and gives it a degree of versatility and function previously unknown to joystick users. For instance, it fits both large and small hands while placing the "fire" button directly adjacent to the index finger. Such a design allows you and the joystick to work as one without the delay of fumbling for the "fire" button. Ninety-day warranty. From Wico.

\$17⁹⁵

HOT STUFF JOYSTICK. This electric blue joystick has all the features you'd expect in joysticks costing much more! Blast your way through all your favorite games with two trigger buttons, 2-base buttons, an auto-fire switch and contoured handle with 8-direction control. They also feature four rubber suction feet, and a 4-foot stress-relief cord. For Commodore or Amiga. One-year warranty from Beeshu.

\$9⁹⁵

Great For GEOS

ICONTROLLER™ Now you can have a compact, fully functional joystick always available for use with your C64 or 128, right on the keyboard. IconTroller is perfect for use with GEOS and it lets you save your full-size joystick for gaming. A special connector lets you plug in your full-size joystick without removing the IconTroller. No more hanging cords. It's easy to reach and responds quickly—IconTroller makes your computing easier. Full one-year warranty. From Suncom.

\$17⁹⁵

Zoom Through Your Games!

ZOOMER. This hot new console-type controller features advanced technology that makes 4-wheel racing games, cycle games, air combat games and flight simulators much more realistic! Turn the wheel left or right and tilt up or down. Fire buttons are built into the handle and it's equipped with two Dial-A-Speed auto-fire buttons. Comes with 10-foot cord and 4 super-strong suction cups for easy mounting on a smooth surface. From Beeshu.

\$44⁹⁵

Exclusive Microswitch Technology!

\$14⁹⁵

Lifetime Warranty!

TAC 50™. Feel your computer respond with this new joystick from Suncom. With tactile and audible feedback, it responds like no other stick before. Features include digital microswitch array technology and variable-speed rapid fire. Just slide the switch on the front of your Tac50 and engage and vary the rapid-fire feature on the pistol-grip trigger. Features aircraft-style grip, suction cups for stability, and four fire buttons for faster reactions. From Suncom. Lifetime warranty.

TAC 50 86705 \$14.95

Save Time!

MOUSE SWITCH. Stop fumbling around behind your computer! There's no longer any need for you to unplug your mouse in order to plug in your joystick. This handy accessory allows you to connect two devices to one mouse/joystick port, then select the one you wish to use with a flick of a switch. Works with the full line of Commodore and Amiga computers.

Mouse Switch 91057 \$24.95

Master Even the Most Difficult Games!

\$14⁹⁵

MINDSCAPE POWERPLAYERS JOYSTICK.

Take your computer gaming skills where they've never been before with this new joystick from Mindscape. Advanced pistol grip design, ultra-sensitive microswitches, and large trigger enable you to master even the most difficult games. Features a hardwearing steel shaft and ball bearing pivot for durability, reliability, and dependability. It's the ultimate gaming experience for Commodore, Amiga, and Atari 800ST. Ninety-day warranty.

Streamline Your C64!

best seller!

\$19⁹⁵

C64 SLIMLINE UPGRADE CASE. Make your older C64 look like a newer model! All you need is a screwdriver and about 15 minutes to transfer your C64 insides to this new case. No soldering, no special tools needed. This new low-profile case makes typing easier, too, because it is sloped down toward the user. The SlimLine Case is the same color as the new 64-C and will match all of the new peripherals. Includes instructions to make the change quick and easy.

Sug. Retail \$29.95

C64 SlimLine Case 80637 \$19.95

Cartridge Port Extender Cable

CARTRIDGE PORT EXTENDER CABLE. Are you cramped for space behind your computer? Is it hard to reach your cartridge port to plug-in or swap cartridges? This handy cable is your solution.

The cartridge port on the C64 and C128 is unfortunately located in a somewhat awkward position—horizontally in the back, where it is hard to reach and impossible to see. Many users have installed cartridge expanders, which not only let you switch cartridges easily but also place them vertically for easier access. The cartridge expander, though, takes up a few more inches of table space—no problem for most users, but a drawback for those working in tight quarters. The cable connects to the cartridge port in back of the computer and lets you plug in your cartridge to its other end. Since the cable is flexible, you can locate the cartridge up to 11" away for easier access and more efficient use of table space. Not for use with memory expansion modules.

Cartridge Port Extender Cable

Send Us Your Comments—With Your Photo!

Something NEW at TENEX! Recently, we've received lots of wonderful comments from our loyal customers along with their entries in the TENEX Winner contest. So we've decided to update the contest and ask ALL of you to share your comments about TENEX with us and all our readers, worldwide.

It's very simple. Just send us a photo (no slides, please) of you, your family, office, or class gathered around your computer system, along with your statement about TENEX! No purchase necessary, just lots of smiles and your comments, please.

Winners' photos and comments will be published in future "Everything Books," and winners will receive a \$50.00 TENEX gift certificate. Our production staffers will choose the winners solely on the photo's and comment's suitability. All decisions are final. Points to remember:

1. Be sure to write your name, address, and **daytime** phone on the back of the photo. If you use an office or school, please identify.
2. All submitted materials become the property of TENEX and cannot be returned.
3. Offer void where prohibited. Not open to TENEX employees or their families.
4. Send photos to: **TENEX**, P.O. Box 6578, South Bend, IN 46660.

Take Your Best Shot, And
GOOD LUCK!

Our Lowest Diskette Prices Ever!

Lifetime Warranty! Risk-Free Trial!

TENEX Diskettes are one of the best-selling items in our catalogs (we've sold literally hundreds of thousands of these diskettes!). They are an excellent buy in our quantities of 50, and their reliability, lifetime warranty, and risk-free trial means you are sure to get your money's worth.

Here's What You Get.

Each box includes diskettes in sleeves, labels, and write-protect tabs. All 5.25" diskettes have a hub reinforcement ring and come with sleeves.

Certified Quality.

TENEX Diskettes are first-quality, prime diskettes (no seconds). Each one is individually certified to be 100% error free at levels equal to or above ANSI, ECMA, and ISO standards.

Lifetime Warranty and Risk-Free Trial!

We offer a double guarantee of satisfaction: 1) All diskettes are backed by a lifetime warranty. If you have a problem, we'll replace the diskette. 2) To let you discover what a great value these diskettes really are, we'll let you try them risk free. Buy a box, and if within 30 days you aren't happy with the diskettes for any reason, return them to us for prompt refund. No questions asked!

Please Note: Single-sided 5.25" disks are for use in single-sided drives like the 1541. Double-sided 5.25" disks are for use in double-sided drives like the 1571 (in some modes) or IBM compatible drives. Single-sided disks and double-sided disks look absolutely identical; the only difference is that on the latter, the second side is tested and certified error free. To access both sides of a disk when using a single-sided drive, you must add a second notch and physically turn the disk over. See Disk Doubler below.

Double Your Storage By Using The Unused Side Of Your Disks!

\$4⁹⁵

DISK DOUBLER. The Commodore 64 uses single-sided disks. As you may have noticed, however, these disks actually have magnetic media on both sides. Even though the back side of a single-sided disk isn't certified, in almost all cases it is identical to the front side in quality and capability. With our Disk Doubler, you can punch a new write-protect notch on the opposite side of the disk and use the "hidden" second side. The Disk Doubler is easy to use—just slide the disk in, squeeze the button, and a perfectly located notch is punched in the disk jacket. No measuring, no guesswork... the notch is in exactly the right place each time! This handy device will pay for itself the first few times you use it.

Superior Productivity

WORDSYNC SCSI INTERFACE. Treat yourself to a true innovation in SCSI interfaces. You get direct memory access speed without the compatibility problems associated with DMA technology. A full two bytes (one word) of data are transferred at a time—twice as much as conventional SCSI interfaces. So, you can enjoy the best possible performance and superior productivity. From Supra Corporation.

WordSync 88673 \$184.95

AdIDE/44. Internal IDE hard drive interface for the A500. Package includes interface, software, 44 pin ribbon cable, adapter board for IDE hard drive, and mounting bracket. Boot from the internal hard drive or external drive. Does require removal of internal disk drive. Note: IDE hard drive and external floppy drive sold separately. From ICD.

AdIDE/44 94825 \$149.95

Removable Hard Drives

SYQUEST EXTERNAL DRIVE FOR AND AMIGA AND MACINTOSH. SyQuest has set the industry standard for high-capacity, removable hard disks. You're freed from expensive hard drive upgrading and provided the ultimate in data portability and security.

The 5.25", half-height Winchester drive provides you unlimited storage capacity via removable data cartridges. These high-performance, 20ms access cartridges are totally portable and easy to store or mail. The higher capacity 88MByte drive is even "downward compatible" because it can read the data written on 44MByte cartridges.

SyQuest is one of the most reliable storage units on the market, with performance that rivals the world's best conventional hard disk drives. Two-year warranty. Requires SCSI controller and at least one data cartridge.

Internal Backup 94572 \$629.00

Expand Your 500!

BODEGA BAY. You'll get more power and flexibility than you ever thought possible with this modular expansion module for your Amiga 500. You get four 100-pin A2000-compatible board slots. Add a hard disk controller, RAM board, or any other A2000-compatible board for amazing expansion capabilities.

With three IBM-compatible slots, you can install a Bridgeboard to take advantage of powerful IBM computing, too. The console also includes two 5.25" drive bays. Of course, 3.5" drives may be installed with an optional mounting kit. There is also enough room for a

3.5" hard drive to ensure that you have sufficient storage for even the most demanding applications.

You won't need an external power supply—the Bodega Bay comes equipped with a powerful, internal power source that supports the expansion hardware and the A500 itself. The versatility and reliability of this expansion console makes it a must-have for the serious Amiga owner. One-year warranty. From California Access.

The Ultimate Video Device

*IBM Wants It!
Apple Wants It!
Amiga Has It!*

RAVE REVIEWS

"Makes a personal computer act just like a Hollywood production studio."
—USA Today

"The equivalent of a \$60,000 television studio."
—New York Times

VIDEO TOASTER. Perhaps the most long-awaited peripheral in any computer market is NewTek's Video Toaster. Since it was first announced several years ago, excitement has grown as word of the Toaster's capabilities leaked out of NewTek. Now that the final product is out, experts are saying that NewTek has given the world a great new reason to buy Amigas.

The Video Toaster is more than a single product. It includes a Production Switcher, Digital Video Effects Generator, Character Generator, Paint Program, 3D Modeler, Animation System, and Color Processing Engine. The Toaster also includes two frame buffers. These products all have one objective: to allow the user to create professional video effects at a cost far lower than traditional studio equipment. It is no surprise that the early purchasers of the Toaster include hundreds of television stations, ad agencies, and other video professionals.

"Out of the Box", the Toaster lets you create animations and 16 million color static images, edit the images, do nifty switching effects between live video or laser disk and a stored static image, superimpose character generation over live video or stored still images, and more. You can output any of this to a VCR. To use a VCR or a camcorder for taped input, you'll need a device with a built-in time base corrector or a stand-alone time base corrector.

The special effects available are truly dazzling. Your generated characters can scroll vertically or crawl horizontally. Outlines and a variety of shadows are available. What the Toaster can do with still or moving images is phenomenal: images can be compressed, stretched, zoomed, and more. Over 100 digital effects are available, and, since they are software based, even more can be expected in the future. In its Production Switcher Mode, you can do fades, dissolves, wipes, slides, pushes, etc.

To use the Toaster, you'll need an Amiga 2000 series computer with at least 5MBytes of memory and a hard disk drive of at least 40MBytes.

Start your own video revolution today with a Video Toaster! Order soon - supplies are expected to be limited during the introduction period.

Video Photos For Your Amiga

DIGI-VIEW GOLD, V.4.0. The all new Digi-View Gold is the best video digitizer ever for the Amiga. Just imagine, 2.1 million colors captured in memory, giving you an incredible 100,000 apparent colors on screen simultaneously! Produce images that rival broadcast studio video quality. It's easy to use, too. Just focus your video camera or camcorder on any picture or object, and in seconds Digi-View Gold turns it into Amiga graphics that allow for vibrant color and clarity. Designed specifically for the Amiga 500 and 2000, its powerful image capture and manipulation software takes complete control of color and sharpness, with full overscan, extra halfbrite, and a special line art mode for desktop publishing. Digi-View Gold displays pictures in any of the Amiga's resolutions, and uses exclusive Enhanced Hold and Modify mode for superfine detail. Requires a black and white or color camera. Color images are produced by scanning the photo or object through the color filter wheel included in the package. Includes digitizer hardware and Version 4.0 software. From NewTek.

Sug. Retail \$199.95
Digitizer and Software 81725 \$139.95

DIGI-DROID. The filter wheel that turns your ordinary video camera into the equivalent of a \$20,000 broadcast video camera. It works with Digi-View or Digi-View Gold and allows your images to have over 600 lines of color resolution for more professional-looking results. From NewTek.

New Roctec 5¹/₄" Floppy for Amiga

5-1/4" EXTERNAL DISK DRIVE FOR AMIGA. If you need to read or write 5-1/4" IBM disks with a BridgeBoard, ATOnce, or Cross DOS, this high quality external drive is the most economical solution. It writes either 360KByte (standard IBM) or 720KByte formats. It can also be used as an Amiga drive (880KByte), although the "Amiga" disks it writes will be 5-1/4". This drive is perfect for exchanging data such as text files, databases, and graphics files with virtually any IBM-compatible computer. From Roctec. Sug. Retail \$220.00
Disk Drive 95410 \$179.95

New for C-128

WORDSTAR 4.0. Over 120 enhancements have been incorporated into the world's best-selling word processing program, but it maintains WordStar's classic look and commands, and reads files created with all previous releases. Features undo, keystroke macros, built-in four function calculator, user number and ZCPR named directory support, onscreen boldfacing and underlining, spell checker, multiple ruler lines, multi-line headers and footers and improved print support. Requires C-128 with CP/M. From MicroPro. Sug. Retail \$180.00
C/128, Disk 95825 \$149.95

Video Blender for Amiga

VIDEO BLENDER. Provides professional, full-featured desktop video for all Amigas from the A500 to the A3000. Overlay Amiga graphics onto the video source of your choice. The Blender has four genlock modes: foreground, inverted, mixed, and encoded. Fade, switch, chroma/luma key, and wipe between four channels: composite video, Amiga graphics, RGB video, and up to 16 million background colors. Mix any two video sources for special effects. Virtually unlimited custom wipe generation with included Mixmaster software. Even two stereo sound channels can be switched, mixed, or faded. Every setting and feature can be saved as a Blender "event" and saved as a video session. Output is compatible with many other video peripherals. Time-based corrected input is not required. Both NTSC and PAL compatible. Requires 1MByte RAM. Sug. Retail \$1495.00
Video Blender 95805 \$1395.00

Hearsay 1000— 50% OFF!

Great Holiday Gift Idea!

Now Only
\$29⁹⁵

HEARSAY 1000. A voice recognizer/synthesizer that talks, listens, responds, teaches, obeys, and is loads of fun. Just plug into a C64 or 128, IBM or compatible, and within minutes, even your youngest children will be able to speak to your computer. Can convert your verbal commands into actions and can virtually eliminate the need for your computer keyboard. Hearsay can also speak any language or dialect. Features unlimited, 100% accurate vocabulary, built-in software, and can interact with most pre-existing, name-brand, menu-driven software. Truly makes learning with your computer easy and fun.

Hearsay 1000 76969 \$29.95

New for Commodore!

SIMPSON'S ARCADE. Thieves kidnap Maggie in hopes of recovering a stolen diamond. Homer, Marge, Lisa and Bart must rescue baby Maggie. Each family member is equipped with their own unique weapon, like Lisa's jump rope or Marge's vacuum, to fend off the thieves. From Konami.

C/64, Disk 95517 \$29.95

TURBO CHARGE. Are you prepared to take your driving skills to a new dimension and risk everything to eliminate the lethal arms dealers? Strapped in and fired up, take the controls of your unique Italian sports car and use all your high speed skill in this exciting driving adventure. From System Three.

C/64, Disk 95406 \$18.95

AD&D: COLLECTOR'S EDITION. Pool of Radiance, Curse of the Azure Bonds and Secret of the Silver Blades, all for the price of one! Transfer from one game to the next and advance your characters to higher and higher levels. If you don't have all three games, this is an opportunity you won't want to miss! From Strategic Simulations.

C/64, Disk 95318 \$49.95

New for Amiga!

"Put simply, AMNIO is the best shoot-'em-up that has been released for a long time."

—Amiga Action

AMNIO. It is up to you to rescue imprisoned people from the living hell called Amnios. You must maneuver your ship through ten living, breathing planets, fighting every step of the way, and find these prisoners before it is too late! From Psygnosis.

AMIGA, Disk 94659 \$32.95

BARBARIAN II. Hegor's glorious triumph has ended, and evil Necron is back to lead his evil servants against the forces of the living, in an attempt to overrun the world with horribly mutated servants of evil. You must find and destroy Necron before his evil completely destroys the land. From Psygnosis.

AMIGA, Disk 94669 \$32.95

HOME ALONE. You loved the movie, now play the game! You must be devious, ruthless, yet clever, in order to keep the Wet Bandit Gang from robbing your house. Digitized pictures and sound, great animation and slapstick humor. A family comedy without the family! From Capstone.

AMIGA, Disk 95431 \$39.95

DISKMASTER II. The ultimate file management utility for all Amiga computers! Features multiple resizable, movable file and command windows, can save configurations for fast startup-including font and size changes, has auto commands, new multi-format and multi-copy options for simultaneously formatting up to four floppy disk drives. A highly recommended product! From Progressive Peripherals.

AMIGA, Disk 95936 \$49.95

DELUXE PAINT IV. The #1 selling paint and animation program just got better! New enhancements include the ability to paint and animate in HAM mode with all 4,096 colors. New animation features include LightTable, Metamorphosis, new animation control panel, enhanced gradients, all new color mixer, powerful stencil mixer, rich tinting and translucency, plus, all the award-winning features from DeluxePaint III! You can't let this one pass you by. From Electronic Arts.

AMIGA, Disk 94997 \$129.95

New for Commodore and Amiga!

BACK TO THE FUTURE III. 1885 shoot-'em-up action for the whole family. Features popular film characters like Marty McFly, Clara Clayton, and "Mad Dog" Buford. Great 3D graphics bring the Wild West back to life. Don't miss out on this blast to the past! From Konami.

AMIGA, Disk 95559 \$29.95
C/64, Disk 95568 \$23.95

TEENAGE MUTANT NINJA TURTLES: ARCADE. Turtle Power! Guide the Turtles on skateboards through burning buildings at eight challenging levels. You must save April and defeat Shredder while battling over 600 enemies. Cowabunga Dudes! From Konami.

C/64, Disk 95611 \$29.95
AMIGA, Disk 95604 \$34.95

TIE BREAK TENNIS. Do you dream about playing against tennis stars at Wimbledon? Well, here's your chance. Select your court surface, racket, techniques, and computer opponents. With spectacular animation, amazing realistic speech and sound effects, Tie Break Tennis scores an ace every time! From Digitek.

C/64, Disk 95778 \$24.95
AMIGA, Disk 95785 \$24.95

STAR CONTROL. Earth has recently joined the Alliance of Free Stars, and mankind must now join with its new allies in a battle for survival. The mighty enemy who must be stopped is the Ur-Quan Hierarchy, an evil empire of interstellar slavers. Sound and graphics are first-rate, and the control system, which is largely menu-driven, could not be better. A truly outstanding gaming experience. From Accolade.

Advantage Club

Special Sale Notification. When we have limited quantities of a product, we can't offer it to our entire buyers list. These products are often priced **below** wholesale pricing. We include these products in special sale flyers mailed **only** to our TENEX Advantage Club members.

Sneak Previews of New Products. In between our major catalogs, exciting new software and hardware products are introduced. Instead of having to wait for our next catalog, TENEX Advantage Club members will see these hot new titles in our monthly mailings.

Special Savings on Regular Merchandise. Our TENEX Advantage Club mailings also include savings on selected catalog merchandise. That's right—the same great products, at special savings from our already low discount prices.

Special Merchandise Buys. TENEX is often presented with offers to purchase overstocks, excess inventory, etc. at savings of 90% or more. Unfortunately, in many cases the quantities of individual products are too low to put them in our regular catalog. Instead, we put these in our TENEX Advantage Club mailings. Talk about big savings!

Join Risk Free!

All of these great benefits cost only \$25 per year. Furthermore, we GUARANTEE that you'll be satisfied. If at any time during your first three months of membership you are not completely satisfied (and if you haven't made any purchases from our special club mailings), we'll refund your membership fee in full. YOU CAN'T LOSE! To join, mark the box at the bottom of the order form when you send in your mail order or tell our customer service representative when placing a phone order.

Super-Versatile Display!

Perfect for Commodore 128

Allows Multiple Uses:

- Commodore 64 or 128
- IBM CGA
- VCR or camcorder display
- Monochrome text display

MAGNAVOX PROFESSIONAL COLOR MONITOR.

Whatever your current and future needs the new Magnavox Professional 1CM135 will handle them. First, it provides a high-quality composite display that is perfect for the C64 or C128 operating in 40-column mode. Second, it offers Analog RGB for use with the C128 in its high-resolution, 80-column mode. Third, the 1CM135 is switchable to Digital RGB, which makes it compatible with IBM's CGA standard. Fourth, for heavy-duty word processing, this monitor lets you flick a switch and convert the color display to easy-on-the-eyes green. And if being compatible with a wide range of computers isn't enough, you can also use the 1CM135 as a TV video display for signals from VCRs, camcorders, etc. It even includes stereo audio inputs and an earphone jack. The 1CM135 features a big 14" CRT (13" viewable), image size and position controls, and a convenient tilt/swivel base. Cables included are a 9-pin RGB cable and audio/video cables (RCA to RCA). To use with C64 or C128 in composite mode requires our Monitor Cable No. 5 (below). Two-year limited warranty.
